

## **MN2S Record Label Group – Internships/Work Experience**

The MN2S Label Group is seeking motivated and enthusiastic individuals who are looking to expand their knowledge in working directly for a large independent record label specifically within the dance music industry.

The chosen candidate will have the opportunity to not only work promoting our expanding record label catalogue products but also engage with our artist booking agency where our roster spans well over 150 artists. You will be working within a demanding but exciting environment – engaging directly in the daily running of the business. As such the position will suit someone of an outgoing nature who is heavily task-orientated.

### **About the Placement**

You will be working with different types of software including Sony Sound Forge, FileZilla, Audacity, Imovie, Garage Band, and all Microsoft Office applications. You will learn about basic music file editing, conversions, compressions and more

**Social Media** - You will be assisting with the upkeep of all of our social media channels including (but not limited to) Facebook, Myspace, Soundcloud, Youtube, Mixcloud, and hundreds of music blogs.

**MN2S.com** – Learning Wordpress, producing news pieces, adding & editing pieces within the back-end of MN2S.com

**Brain Storming & Researching** – Sourcing new essential contacts for DJs, promoters, artists, agencies, and management etc. Helping us build on our current database of press contacts.

**Mailers** - Sending mail-outs of current releases to various publications, magazines and DJs.

**Licensing & Distribution** - You will have the opportunity to learn the licensing and distribution process as part of the record label team.

Please send a CV and relevant covering letter stating the period you would be available for to:

**Jonathan Chubb – [jonathan@mn2s.com](mailto:jonathan@mn2s.com)**

Compensation will be discussed for out of pocket expenses.
